

2002 Clean Marina Pledge

The Clean Marina Initiative promotes and celebrates voluntary adoption of measures to reduce pollution from marinas and recreational boats. Designated “clean marinas” are recognized as environmentally-responsible businesses.

As the first step toward achieving Clean Marina status and on behalf of

(name of marina or boatyard)

I pledge to do my part to keep waterways free of harmful chemicals, excess nutrients, and debris.

I will identify opportunities and implement practices to control pollution associated with:

- Vessel maintenance and repair
- Petroleum storage and transfer
- Sewage disposal
- Solid, liquid and hazardous wastes
- Stormwater runoff
- Facilities management

I commit to actively pursue full standing as a Clean Marina. Within one year of the date below, I will implement appropriate pollution prevention practices and will apply to the Marine Trades Association of New Jersey and the Manasquan Watershed Management Group for recognition as a Clean Marina.
